Právce na FAQ odstartovali někdy v roce 1993 jako zprávy poskytování informací- nahodně zmíjíme o v domos
v oblasti masožravých rostlin a speciálně pro nováčky, kteří se zapojí do různých diskusních fór (u nás na
<http://forum.masozravky.org/>). V jeho prvních několika verzích byl FAQ tak malý, že to byla pouhá jediná webová
stránka! S každou novou verzí- FAQ rostl a se stal tak velkou, nenasytnou potvorou, že dnes zabírá více než 70

Přítelství originálně- nebyl FAQ zamýšlen jako formální dokument. Aťkoliv jsem vždy chtěl, aby byl t
všecky obsáhlý, jak je to jen možné. Takže pro vaše použití- a další- vězku jsem přítelství reference do s
každé stránky FAQ.

Použil jsem různé typy referencí- ve FAQ, které mohou vypadat jinak, než je zvykem přítelství normálních citací autorů
jsou následující:-

Personal observation: Něco, co jsem sám během let zjistil.

Reader contribution: Od té doby FAQ, obvykle jsou identifikováni každé stránce- jménem a prvním písmenem přítelství-

Other sources: Zdroje, které nemohu potvrdit, ale vězku- jsou důvěryhodné.
